

IADMFR London 2025: Information for Poster Displays

Dear All,

We wish to say a huge thank you for your upcoming contribution to our Congress. You can view the [programme on the Congress website](#). Please find below some brief information regarding your Poster Display.

Your poster will be part of a rotating collection on display throughout the duration of the Congress. This collection will be viewable on several monitors that delegates can watch at their leisure.

A group of judges selected by the Local Organising Committee will review the collection of Poster Displays and select 1st, 2nd and 3rd places which will be announced at the end of the Congress.

All of the presentations and posters will be made available online to view both during and after the Congress – the link for this website will be provided in person at the Congress.

Although the members' presentation slots have been filled, the current geo-political issues around the world means that there is the risk of groups of people dropping out last-minute. As such, you may wish to prepare a 3-minute talk about your poster should we need to put a call out for volunteers for the members' presentations on the day.

We look forward to seeing you and welcoming you to London next week!

Best wishes,

The Local Organising Committee for IADMFR London 2025
